I am writing in response to your request for additional information concerning our failure to file certain 48-hour notices. Upon further review of our records, we have determined that the dates entered on our July 2012 quarterly report for the contributions included in your request for additional information were the dates the contribution checks were written, not the date the contribution was received by our campaign office. All of the contributions listed in your request were received by our campaign office after June 23, 2012, which is why no 48-notices were filed for those contributions. We will be amending our filing to reflect the correct receipt dates as follows:

Received June 25, 2012

American Medical Association PAC

Received June 29, 2012

UA Political Education Fund

International Franchise Association Franchising PAC Inc

National Restaurant Association PAC

Employees of Northrop Grumman PAC

Received June 30, 2012
